

Calcot Manor

Dating back to the 14th century, Calcot Manor is a country house hotel set in over 220 acres of Cotswolds meadowland which includes the Gumstool Inn, The Conservatory Restaurant, the famous Calcot Spa and, perfect for business events, weddings and entertaining, The Barn.

A friendly place offering a warm welcome, their intention is for guests to 'enjoy yourself, be yourself and please yourself', so the health and safety of both guests and staff is paramount for them.

PPD have worked with Calcot Manor for over 4 years, providing First Aid Trainer & Assessor Training, Defibrillation Trainer Training and CIEH PTTLS (Preparing to Teach in the Lifelong Learning Sector), a qualification developed for anyone entering a training role or anyone who needs to achieve the minimum threshold status as a teacher in the lifelong learning sector: in this case, work-based learning.

Deborah Whitfield, Manager of Calcot Manor, says that, although she did not make the decision to use PPD for Health and Safety training, she's very pleased with the choice made by her colleague: *"PPD most certainly delivered everything we asked for and the training is very good indeed. The training they provide is always very relaxed and comfortable, with a perfect balance between professionalism and fun. Many of our staff say that it is the 'best' first aid training they have ever had and I can say without a doubt that they are more confident as a result."*

PPD have helped Calcot Manor to identify other training needs in the business and Deborah says: *"We find PPD's training services excellent value for money and I wouldn't hesitate to recommend them to any other company or business looking for Health and Safety advice or training."*

CALCOT MANOR

 PPD most certainly delivered...
with a perfect balance between
professionalism and fun
